

TCC's CSR – PROJECT DIGNITY KITCHEN

Get Connected with The Elderly

A lunch date with Banyan Tree's elderly

On 18th November, TCC Credit Co-operative had invited a group of elderly from Banyan Home to enjoy a lunch treat arranged by Dignity Kitchen, as part of our Corporate Social Responsibility drive to bring cheers and caring to the elderly.

Not only did the group enjoy their lunch date with a hearty meal prepared and served by TCC's staff, interactive activities such as karaoke and dancing were also arranged for them. In fact, our Board of Director (as one of the volunteers) even became our dance lead to engage with the elderly.

During the event, elderly received gifts for their engagement in the activities.

As a "not-for-profit" Co-operative, we hope to extend our spirit of caring and support to the community. Every year, TCC organizes event to bring joy to those in need. Under the assistance of Dignity Kitchen, we will be serving different groups/ bodies for a day out event. Through these meaningful events, we hope that each visit would be an occasion of warmth and enjoyment for our elderly. We strongly believe that with the little things we have done, it actually adds meaning to the daily lives of these elderly and it helps to brighten their day.
